2.4.6 Cancellation of classes from the world and continental championship programme

To the cancellation of a class from the world and continental championship programme of the NAVIGA the following conditions must be fulfilled:

- (1) With a world championship every class (except the classes C, F6 and F7) with **at least 10 competitors from 5 countries** (with **juniors 6 competitors from 3 countries**) must be taken. With a continental championship every class (except the classes C, F6 and F7) with at least 10 competitors must be taken (with juniors 5 competitors). If this is not with 3 successive world championships the case, the concerning class from the championship programme is stroked.
- (2) In the class F6 and F7 and the classes of the section C must be begun in each case at least 4 participants or teams from at least 2 countries (a country with continental championships).
- (3) The cancellation of a class from the championship programme is to be informed by the presidium immediately after ending of the concerning championship of all land umbrella organisations. The section management can decide a cancellation on the section meeting (majority decision of the present land representatives) of a world championship and suggest to the presidium to the approval.
