Dear friends,

After having consulted the entries we can confirm that all classes will be run at the 2013 World Championship in Belgium. However some classes haven't got enough participants or participating countries in order to be officially designated World Cup classes. Therefore these classes will be run as Continental Cup classes, some will only be run as International Races, and therefore will not be awarded a World Championship title.

The following classes will be run:

The Juniors will compete in the following classes:

F3-E	official World Championship class (sufficient participants/countries)
F3-V	official World Championship class
Eco std	official World Championship class
mini Eco std	official World Championship class
mini Eco exp	official World Championship class
Eco expert	official World Championship class
Mono 1	official World Championship class
Mono 2	official World Championship class
Hydro 1	official World Championship class
Hydro 2	official World Championship class
mini Eco Team	official World Championship class
Eco Team	official World Championship class
